

UNQ TOKEN

WHITE PAPER

WWW.UNIQUEWALLET.CO

UNIQUE TOKEN (UNQ)

The innovative model of UNQ brings to the crypto community the best of 100% ownership of their digital assets while having immediate access to cash. No hidden fees, no capital gains taxes, no credit checks. Transparency is guaranteed through the use of blockchain technology, smart contracts and algorithmic processes executed by the Tron blockchain. Due to using Tron blockchain with Proof-of-Stake consensus, UNQ takes care of environment.

UNQ is committed to successfully solving inefficiencies in the investing markets by creating innovative, convenient and sustainable solutions. By harnessing the potential behind blockchain technology, UNQ is pioneering a new digital financial system.

To achieve the network effect, we need to incentivize existing participants and attract a large community of traders, investors, Issuers and partners. To achieve this, we have issued UNQ, the Unique Wallet platform's native utility token.

UNQ functionality is structured around the utility it provides. It creates a growth spiral through the built-in mechanism in which the ecosystem participants can earn UNQ for their investments. Proactive engagement with the wider community of traders, investors, Issuers and partners, who are the direct beneficiaries of the growth of UNQ, drives growth and generates the network effect.

TOKEN SUPPLY AND DISTRIBUTION

The number of UNQ tokens is limited to 25,000,000,000. And it is issued as an TRC-20 token, compliant to the public Tron blockchain.

The total supply of UNQ will be distributed amongst various stakeholders. Our goal is to balance the interests of different groups in order to maximize the long-term beneficial effects for the Unique Wallet ecosystem development.

The first distribution provides 10,000,000,000 UNQ at the price of 0.1 TRX on the official exchange of Unique Wallet platform. The Unique Exchange accepts BTC and TRX.

The next 4,500,00,000 UNQ will be available at the price of 0.15 TRX after the completion of 100,000,000 UNQ invested in Unique Wallet Investment plans.

10,000,000,000 UNQ	Will be sold on Unique Exchange 0.1 TRX or equivalent amount in BTC
10,000,000,000 UNQ	The reward for the initial token holders
2,500,000,000 UNQ	Research, Develop and Support
2,500,000,000 UNQ	Marketing
2,500,000,000 UNQ	New Platform

USE OF FUNDS FOR R&D AND SUPPORT

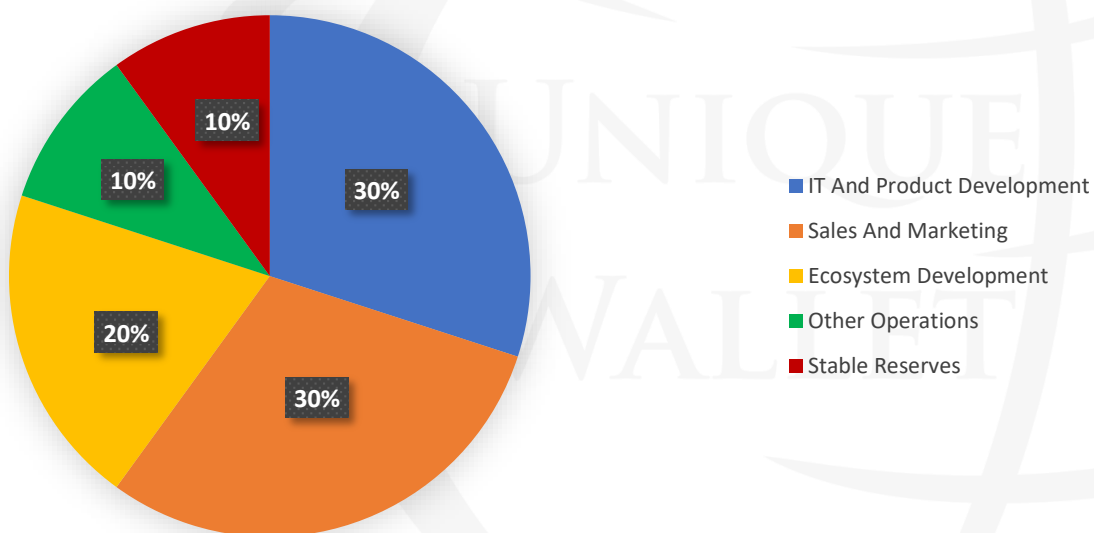

10% of the total assets raised through the UNQ token offering campaign and investments are considered to be used solely for development of the Unique Wallet. These funds will be used in the following proportions:

IT And Product Development	30%	Development IT products, infrastructure new platforms and maintenance
Sales And Marketing	30%	Promotion of the Unique Wallet products and services worldwide
Ecosystem Development	20%	Starting out new proprietary and investing in other strategic initiatives that can strengthen the Unique Wallet ecosystem
Other Operations	10%	Legal, Listing, compliance and other operating costs
Stable Reserves	10%	Stored in safe assets, as fiat and digital capital, to cope with any emergency situations

UNQ Supply Allocation

Use of Funds for R&D and Support

INVESTMENT OPPORTUNITIES (STAKING)

You can earn passive income by participating in the Unique Wallet platform by staking UNQ tokens. The monthly yield on the Unique Wallet is around 25% to 30% minus the transaction fees. The reward will depend on the investment plan you choose.

Claiming rewards is available every 24 hours for Plan 1 and the reward will be received directly on the wallet.

The UNQ rewards is exchangeable to TRX or BTC immediately. Also, the UNQ rewards can be reinvested.

Plan 1

25% to 30% reward for UNQ investors in 30 days
Daily withdrawal available

Plan 2

25% to 30% reward for UNQ investors in 25 days
No daily withdrawal available

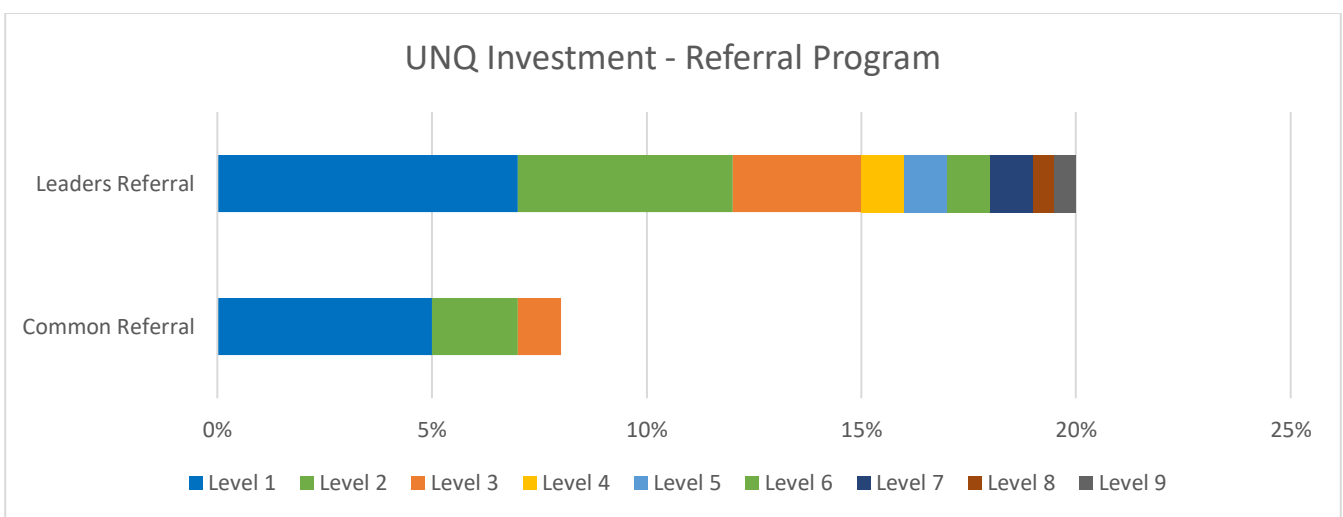

The reward percentage may vary from 25% to 30% due to the amount of overall investments of the UNQ holder.

REFERRAL PROGRAM

Users will be able to enjoy bonus UNQ by successfully inviting new users to register with Unique Wallet infrastructure as mentioned in the Referral and Leadership plans.

TOKEN BURN

Token burning is the process of permanently removing tokens from circulation, reducing the total supply.

UNQ shall burn up to 50% of all of the UNQ until the circulating supply reaches the 12,500,000,000 UNQ, 50% of the originally issued 25,000,000,000.

TOKEN FUNCTIONS

The UNQ has been designed to incentivize the ecosystem of traders, investors, issuers and partners within the Unique Wallet ecosystem. The following functions are embedded in the token model to ensure that participants are fully engaged.

PAYMENT

The UNQ token can be used to pay for the products and services of the Unique Wallet Group. Users will receive a discount if they pay transaction fees, listing fees or application fees in UNQ. They will also enjoy priority participation in IEO projects.

COMMUNITY REWARD PROGRAM

Rewards will be offered to Unique Wallet Group's active. There are various programs for the different stakeholder groups, including rewards for active investors, paybacks for asset issuers, rewards for contributors of work, as well as airdrop. But the most dominant aspect of rewards is staking in the investment plans which provides passive reward.

CRYPTODUST

Unique Wallet users will be able to convert crypto dust that is equivalent to less than 0.0002 BTC or 10 TRX into UNQ tokens.

COMMUNITY VOTING

Holding UNQ tokens enables participation in the community voting polls. UNQ functionality will be enhanced as technology develops. UNQ holders are able to govern the Unique Wallet ecosystem themselves.
